
Bike Wipes

Revision: 16/07/2019

Page 1 from 1

Product description

Bike Wipes is a cleaning wipe of extra big size.

Properties

- Cleans uncured sealant from tools and material.
- Removes rests of grease and other traces of dirt.
- Suitable for cleaning of hands
- Good degreasing and cleaning properties
- Safe in use.

Applications

- Cleaning of hands
- Cleaning of dirty working tables and surfaces.
- Removes all kinds of dirt such as oil, grease, cleaning detergents and wax in a safe manner.

Packaging

Packaging: Plastic tub containing 50 wipes.

Shelf life

2 years in unopened packaging in a cool and dry storage place at temperatures between +5°C and +25°C. After opening close properly and consume quickly.

Application method

Take a wipe out of the packaging and re-seal immediately. Wipe over the stain until it disappeared and use a dry cloth to polish the surface.

Health- and Safety Recommendations

Take the usual labour hygiene into account. Consult label and material safety data sheet for more information.

Remarks

- Bike Wipes can stain on porous surfaces.
- A preliminary test is always recommended.

Remark: This technical data sheet replaces all previous versions. The directives contained in this documentation are the result of our experiments and of our experience and have been submitted in good faith. Because of the diversity of the materials and substrates and the great number of possible applications which are out of our control, we cannot accept any responsibility for the results obtained. Since the design, the quality of the substrate and processing conditions are beyond our control, no liability under this publication is accepted. In every case it is recommended to carry out preliminary experiments. Soudal reserves the right to modify products without prior notice.
